A  To
Your **Dream Home**

VANKON is committed to forging the development of modern electrical systems for domestic and commercial use. Trusted by electricians, VANKON brand denotes quality, safety and reliability. We design Switch that can sense style & harmony and then create the optimum looks on every decor. So intelligent that it takes care of the most demanding. And so innovative that it challenges the performance & superiority. The spirit of creation was produced.

with style that accentuates your choice

Your lifestyle is an expression of who you are. Understanding your lifestyle enabled VANKON MODULAR to introduce many innovative, artful switches & Plates worldwide. If innovation remains meaningful, it can add value to one's life. Innovation must renew lifestyle.

Choosing the right switch can make a difference. It is amazing how you can beautify your tall walls with just one single facet. VANKON MODULAR's new range of Plates, Filli Glass Plates, combines gorgeous looks with outstanding functionality. A purist design ensures the selection of suitable raw materials and non-compromising technology. True to its name, the beautifully crafted Filli brings a peaceful and enduring style with a subtle edge to every room in your life space. It is time to make a statement.

An ISO 9001:2008 Certified Company®

“bring new life
to your home”

Plastic has been called a modern day marvel. it can be molded into any shape and can be given any color. Eco friendly Thermoplastic accessories and cover plates from VANKON are wonders by themselves. If vibrancy is what fuels your sense of design, this is where you borrow your inspiration to design your home!

॥ वक्रतुंड महाकाय सर्यकोटिसमप्रभ ।
निर्विघ्नं कुरु मे देव सर्वकार्येषु सर्वदा ॥

VANKON

We always believe that your home is nothing but a reflection of you. Your home is your belief, your tradition and your temple. Your faith in your god os what keeps the purity flowing around your home. And what so much of brilliant aura around you and your home, we bring you divinity cover plates

TOUCH SWITCH

Characteristics : Touch switches are designed to control resistive, inductive and capacitive loads in residential and commercial premises, either operated manually [finger touch] . Super luxurious in appearance the blue backlit touch keys make it easier and convenient to operate in the dark. The appliance is equipped with micro controller chip to save the parameters preset by the user thereby designed to cater user needs with easy operation.

Application : Wiring in all installation where fire safety is more important. School, theaters, commercial complex, air conditioned apartments, high rise building, fire alarms & emergency lighting circuit

Specification : Generally conform to IS-694

Conductor : Thin stands of Electrolytic Copper are multi-drawn simultaneously for uniformity of Resistance, Dimension, and flexibility. the drawn stands are bunched in high precision machines. A circular conductor is thus formed. The conductor is bunched in such a way that it reduces in overall diameter for space saving in high density wiring.

Insulation : Specially formulated grade a flame Retardant (FR) compound is used. The performance of the cable in a fire situation is exceptionally good. The insulation does not burn readily. It does not melt and drip. The smoke is negligible, transparent, non toxic. The victim trapped in fire do not suffocate and this facilitates fire fighting operations. Unlike general purpose PVC, the smoke emitted is non-corrosive, thus, the printed circuit boards, & other sensitive electronic equipment are unaffected.

Marking : Red, ■ Yellow, □ Blue, ▲ Black, ▨ Green, ▩

Absolute Safety ...

Engaging **Thoughts** With **Love**.....

The power that do not disturb the dreams that are seen by your children..... are here.

It enables the room to take on a relaxing feel and help you wind down after a hard day. The power light up the ambience with softness and serenity with a touch of love and affection that do not hurt the eyes of your loved ones, when asleep and wake up to freshness...
